Parent/Guardian	Home #	Cell #	Email

What do you want to do when you get through with high school? When you are 25?

What are your personal interests? (i.e., foods, extra-curricular activities, sports, entertainment, movies, etc.)

Do you like school? If no, why?

Do you have a favorite subject or school activity?

What classes do you struggle in?

Do you have computer access at home? **Yes No**

(if not, is there somewhere you might be able to work on this course outside of school? Library, relatives house?)

Do you have any other needs? How can I help you be successful?

Student Goal Statement

Student Name: _____ Nickname _____

What year are you in school?

What are you hoping to learn in this geometry class?

What grade are you hoping for in this class?

How do you plan on obtaining the two goals above?

What other goals do you have for this school year (this can be a personal goal or school related)?

This goal statement will be given back in early December to be re-visited:
